

An Younggil Team Challenge

It's on, in the tradition of the Wallabies vs All Blacks, Diamonds vs Silver Ferns and now it's the Aussie Goannas vs NZ in the An Younggil Team Challenge.

AGA players are needed to play in the An Younggil Team Challenge Match against New Zealand. The format is like the Nongshim Cup.

Each country nominates a team of eight players with different ranks – **two single digit kyu players, two 1 dan to 4 dan players, and 3 players 4 dan and above.**

Places will be offered on a first come, first serve basis. **Please email Amy Song if interested at asong117953@outlook.com**

This is a great opportunity for YOU to represent your country – don't miss out.

Event overview

The games are played online with one round per week. The first round starts at the end of April with one game between the weakest players from each team playing an even game.

The winner progresses to round two and will face the next in line from the opposing team. This process continues for eight weeks.

The match starts with games between two SDK players. The loser is out – the second round is between the winning SDK players and the next in line from the opposing team.
